SUBJECT
Winchell broadcast re Guatemalan provocation attempt

REF: HILL-934
(For E. only: [redacted])

We are forwarding herewith a transcript of subject broadcast, mentioned in paragraph 7, reference. Since this broadcast was heard by millions of people, you are entirely free to give it whatever distribution you may consider appropriate. The only question is whether you might not want to suggest to your contacts to use the gist of the story (planned "discovery of American arsenals", presumably on UFCO property) without giving the source — not for the sake of security, but so that they don't get blamed too much for printing "Yankee stories".
